

# TECHNOLOGY

The common thread behind the Hitachi brand.

**HITACHI**  
Inspire the Next

It's what makes Hitachi products superior in design and durability.

***Durability is the bottom line for Hitachi Power Tools.***

The technology Hitachi incorporates and the determination to produce nothing but the best is evident in the lifespan and longevity of Hitachi's tools.

Hitachi offers an extensive line of home improvement power tools and accessories for woodworking, metalworking, drilling and fastening, concrete drilling and cutting, as well as home improvement tools such as pneumatic nailers, staplers, compressors and collated fasteners.

# CATEGORIES

Ni-Cad Tools

7 Year Warranty

Compressors  
1 Year Warranty

Pneumatics  
5 Year Warranty

# LIGHTWEIGHT

HXP Li-ion batteries are lighter weight than standard NiCd/NiMH batteries.

# HITACHI

Inspire the Next

High power HXP Li-ion battery technology reinvents the way the world uses cordless power tools. Three times longer run time, fade free power and almost half the weight, Hitachi HXP batteries put the user in complete control.

## Promotions, Awards, Events, Incentives

- Years of Service Awards
