

Reward with Products that Promote Environmental Responsibility

U·KONSERVE®

Small change. Big impact.

THE FACTS

20 MILLION sandwich bags from school lunches go into the trash every day

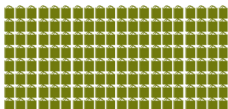

50 PERCENT of the plastic we use, we use just once then throw away

1 MILLION single-use plastic bags are consumed every minute worldwide

100 BILLION plastic bags are thrown away every year

IMPACT

1000 YEARS or more for the time it takes one plastic bag to degrade

46,000 pieces of plastic are floating in every square mile of the ocean

PLASTIC BAGS remain toxic even after they break down

4 BILLION dollars a year is spent on single-use plastic bags by retailers

THE SOLUTION

A CULTURAL SHIFT is underway that is moving away from the use-and-toss mentality towards products that are reusable and environmentally responsible. **ONE** reusable product saves **HUNDREDS** of single-use items from our landfills and oceans.

U KONSERVE produces durable and long-lasting lunch-packing and food-storage items that not only lower the ecological footprint, but look great as well. From BPA-free reusable snack and sandwich wraps to colorful glass beverage bottles with non-slip silicone sleeves.
