HIGH QUALITY GEAR FOR THE  
OUTDOOR ENTHUSIAST  
SINCE 1999!

## ASSAULT PACK

*Substantial storage, top-notch comfort, and extreme customizability are just a few reasons that the Assault Pack is our most popular backpack. Four expanding compartments provide up to 28 liters of storage with built-in internal dividers and zippered pockets.*

- Reinforced carry handle
- 28 liters of total storage
- Mesh ventilated padded back panel
- Touch fastener closure external pocket will accept a 2.5 liter hydration bladder
- Fully adjustable contoured and padded shoulder straps with D-rings for attachments
- Medium 2 liter external organizer pocket for survival and outdoor essentials
- Four quick-release compression straps for expansion or consolidation
- MOLLE webbing platform for attaching additional pouches or gear
- Size: 9.5"W x 18" H x 12.5"D

## DEFENDER

The Defender Pack features a laser-cut MOLLE platform which offers a sleeker profile without sacrificing any of the modularity you expect from our tactical packs. The Defender Pack sports a mesh-ventilated back panel and contoured shoulder straps, a reinforced carry handle, and quick-release strap buckles for rapid deployment.

- Reinforced carry handle
- 22 liters of total storage
- Mesh ventilated padded back panel with fully adjustable, contoured and padded shoulder straps
- Hydration port located at top center
- Quick-release buckles on main straps and sternum strap
- Laser-cut MOLLE webbing platform for attaching additional pouches or gear
- 600D polyester construction
- Accepts hydration bladders up to 2.5L
- Size: 10"W x 19"H x 7"D

Black (BLK)

Outdoor activities have always had a strong appeal with award winners and any product that encourages them to stay active, motivated and enjoy open spaces is always a hit. This category is all about getting outside, de-stressing and enjoying time with family and friends. That is a really powerful motivator to any recipient. Americans spend more on outdoor activities buying gear and equipment than they do on airplane tickets and fees every year, so the demand for high quality outdoor products will always be high.

# SLING PACKS

## ROVER SLING PACK

*The Rover is equipped with an ambidextrous sling which allows for quick, hands-free access. The main compartment of the bag is large enough to fit most popular tablets. The three storage compartments are large enough to tote a first aid kit, binoculars, ammunition, or many survival essentials.*

- Ambidextrous shoulder strap
- 9 liters of total storage
- Quick-release buckle on main strap for rapid deployment
- On-the-go style carry handle
- Snap-closure concealed-carry sleeve on back panel
- Two external pockets for quick access to items
- Master compartment accommodates an iPad or other popular tablets
- MOLLE webbing platform on front and shoulder strap for adding pouches and gear
- Size: 8"W x 12"H x 6"D

## RAMBLER SLING PACK

*The Rambler Sling Pack features a single strap to allow the pack to be easily transferred from the back to the chest for quick access to the main compartment which contains several mesh pockets and dividers. When across the chest, the openings face up granting direct access to the Rambler's contents. Two front external compartments serve as utility pockets, with the larger having a key holder clip.*

- Adjustable padded contoured shoulder strap stretches from left shoulder to right hip
- 16 liters of total storage
- Quick-release buckle on main strap for rapid deployment
- A Y-style compression strap runs from top to bottom of the bag to secure the load
- Front compartment accepts CCW accessories
- Water bottle pocket accepts up to 32 oz bottle
- Reinforced top and side carry handle
- 600D polyester construction
- Accepts hydration bladders up to 2.5L
- Size: 9"W x 17"H x 8"D

## SLING PACKS / CARRY BAGS

### SIDEKICK SLING PACK

The Sidekick Sling Bag offers enough room for a firearm, first aid kit, camera, and many other essentials making it an ideal minimalist or EDC bag. A front-flap slip pocket makes a perfect place to store any valuables. The main compartment has a water-resistant drawstring closure to ensure the security of all contents.

- Soft mesh back panel contours to hip for a fitting carry
- 3.5 liters of total storage
- Cross-body adjustable strap for hands-free carry
- Quick-release buckle on main strap for rapid deployment
- Rear panel access serves as a potential CCW compartment
- External utility pouches perfect for phone, pepper spray, pistol mag, or first aid kit
- Large main compartment with drawstring closure
- Size: 8.5"W x 9"H x 4"D

### TRAVELER DUFFLE PACK

At a capacity of 55 liters, the Traveler Duffle Pack is large enough to be used as luggage. Transporting this pack can be done by using the top carry handle, the removable over-the-shoulder strap, or it can be worn as a backpack when loaded down with everything needed for 72+ hrs.

- 48 liter main compartment, 55 liter total capacity
- Zippered collapsible dividers sectionalize the main compartment
- Three reinforced carry handles
- One removable over-the-shoulder strap
- Two stowable padded backpack straps with sternum strap
- Clad with MOLLE webbing for customizability with pouches and attachments
- 600D polyester construction
- Size: 25"W x 11.5"H x 13"D

# CARRY BAGS

## SPORTSMAN CARRY BAG

Whether you're just running around the town or leaving it behind for the weekend, the Sportsman Carry Bag is always a great choice. The durable cotton canvas, leather accents, and metal hardware rarely look out of place while the built-in laptop sleeve, dual exterior utility pouches, and flanking zippered pockets keep your EDC items secured and leave the main compartment free for clothes, shoes, or anything else.

- Casual weekender-style design
- 24 liters of total storage
- Dual front storage compartments
- Integrated laptop sleeve for most laptops up to 15"
- Interlocking carry handles
- Heavyweight buckles and hardware
- Cotton canvas construction
- Size: 19"W x 13"H x 6"D

## SHOULDER MAG BAG

The master compartment of the Shoulder Mag Bag has elastic loops throughout for transporting both pistol and rifle magazines. A zippered back panel is lined with touch fastener for CCW storage. The master compartment features padded walls and lends itself to accepting a small laptop or tablet.

- Eight elastic internal loops for transporting magazines
- 4.4 liters of total storage
- Padded walls protect inner contents
- CCW-ready zippered back panel
- Removable padded shoulder strap
- MOLLE webbing platform on all four sides
- 600D polyester construction
- Size: 12.5"W x 8.5"H x 2.5"D

From the urban adventurer to the outdoor explorer, a high quality tactical or sporting bag helps stay organized and let's face it, just looks cool. Red Rock Outdoor Gear has a wide variety of configurations and sizes to appeal to any personal style.

## PIRANHA HYDRATION PACK

The Piranha Hydration Pack features an external utility pouch and a zippered pocket located behind the upper flap with a quick-release buckle and functions as a cover for the hydration bladder cap. The bottom pouch, faced in MOLLE webbing, serves as a medium utility pocket and an attachment point for MOLLE compatible gear.

- Mesh padded back panel and shoulder straps
- 4 liters of total storage
- Zippered pouch located behind upper flap
- External utility pouch
- 2.5 liter hydration bladder included
- Hydration tube can be routed over either shoulder
- Hydration bladder features triple-safe mouth piece
- Size: 9"W x 18"H x 4.5"D
